# Coffins and Caskets

Choosing an appropriate coffin or casket which means something to you will help with the bereavement process and it is an important but necessary part of your funeral arrangement.

We have many different options available each offering a unique set of features, but before choosing it is perhaps worth taking a look back at the life of your loved one as this may point to the type of coffin or casket that would best represent their unique life. Were they for instance interested in the environment? Or perhaps they had a love of their garden or were a lifelong supporter of a football club, or maybe they were a very traditional person that liked things just so.

HEARTWOOD

## Traditional Coffins and Caskets

Our range of traditional coffins covers many styles and materials, from standard styles of coffins and caskets in solid or veneered wood to more elaborate styles with intricate panelled sides and raised lids.

Reflections®

## Picture Coffins

A picture paints a thousand words. Reflections is a range of picture coffins that can showcase picture quality images on the coffin. These images can be of absolutely anything, for example a collage of images of your loved one's life, a theme dedicated to the football club supported or a favourite place or hobby your loved one liked. A picture coffin really shows the uniqueness of your loved one's life.

Country Range™

A selection of alternative coffins and caskets made from materials such as Bamboo, Wicker, Wool and Seagrass. Offering an environmental feel to the funeral and due to the nature of the materials used can appear to be a 'softer' option than a traditional wood coffin.

GUARDIAN™

A range of genuine American caskets, provided exclusively to us in partnership with Aurora Caskets. Made in a variety of solid woods and metals, with a range of decorative finishes.

# Floral Tributes

Floral tributes have a long association with funeral arrangements and as such it is not surprising that picture coffins that utilise flowers in their design have become a popular choice. These floral designs offer a softer, more colourful alternative to a traditional wood coffin and can hold special significance. Poppies are well known for their link to remembrance, while daffodils can signify re-birth and renewal.

# Sporting Life

Sport can become a passionate corner-stone of our lives, manifesting itself in a life long dedication to a particular team. # Style Statements

A picture coffin can also represent the identity and style of your loved one. For those who are patriotic we offer designs which feature flags, crests and patterns, such as various tartans. A military career could be represented by the colours of their regiment accompanied by their badge. Or perhaps a strong fashion sense could be continued with one of our patterned and textured designs. Whatever your requirements, we are happy to create a unique design which compliments your loved one's personality.

# Somewhere Special

Landscape views and vistas often conjure up very emotive feelings, which resonate with certain periods in people's personal history. For this reason a landscape inspired picture coffin can conjure up memories of a loved one's past, perhaps displaying a place that held special meaning for them, or a location where they enjoyed spending time. Our team can recreate panoramas that wrap around the sides of the coffin from photographs supplied; or if it is a well known location, we can source the images on your behalf.

Country Meadow

# Words to Remember

Many of our customers like to include poetry, readings, song lyrics or their own writing on the coffin design for a more sentimental and personal touch. They may represent a favourite piece of prose or express an emotion or sentiment that celebrates the life of your loved one. The text can be laid over or combined into any design and can give an additional level of meaning to your personalised picture coffin. We have illustrated a few popular choices below, but you can add anything you like to almost any image.
